ABOUT ME

As a passionate and determined aspiring Front-End Developer, I am actively seeking an entry-level opportunity to kickstart my career. While I may not possess extensive job experience, I bring to the table a strong work ethic, insatiable curiosity, and unwavering reliability. Eager to contribute to a dynamic work environment, I am committed to learning from the talented team around me while making valuable contributions to the success of the projects undertaken.

EDUCATION

KEA – Copenhagen School of Design and Technology

AP Degree - Multimedia Design
2022 - 2024

Università degli studi di Ferrara

BA Degree - Industrial Design
2016 - 2020

WORK EXPERIENCE

Front end developer

Aug 2023 - Oct 2023

Frankly // Copenhagen, Denmark

Over a 10-week internship, I focused on translating visual designs into responsive solutions, initially for mobile and later extending to desktop and tablet versions. My work primarily involved using HTML, CSS, and Vanilla JavaScript. I collaborated closely with designers to address issues and wrote scripts to enhance product interactions.

Sales Stylist

Jan 2022 - Jan 2024

Levi Strauss // Copenhagen, Denmark

Student job as a part-time sales assistant at Levi's. Assisted customers, maintained store presentation, and handled various tasks.

Office Manager

2021 - 2022

Catania, Italy

Office manager in a law firm, mostly helping with IT related issues.

Graphic Designer

2017 - 2018

Area55 // Ferrara, Italy

Graphics for social media and development of advertising campaigns. Among many other clients, I've specifically worked with business in the food area and international companies of the creative media industry.

SOFIA AMOROSO

FRONT END DEVELOPER

My name is Sofia Amoroso, and I am a recent graduate of KEA in Multimedia Design, eager to bring my skills and enthusiasm for **front-end development** to a professional setting.

Having acquired solid foundation in **design principles** during my Product Design Bachelor at the University of Ferrara, I decided to focus more on digital design. During the initial two semesters at KEA, I've discovered a genuine interest for coding which made me choose front-end as an elective in my curriculum.

To gain experience and knowledge, I undertook a **10-week academic internship** focused on front-end development. During this period, not only I had the opportunity to apply my skills in a professional environment – working on **real projects** - but I also solidified my commitment to pursuing a career in web development.

During my recent studies I've gained a comprehensive understanding of **HTML**, **CSS**, and **JavaScript**. I have exposure to technologies like **React**, **Next.js**, and **Tailwind**. Thanks to my design background and my previous work experience as graphic designer, I also have skills in **design thinking**, **concept development** and **visual design**.

Thank you for your time and consideration, I look forward to discuss how my background and aspirations can be useful for your team and project.

Kind regards,
Sofia Amoroso
