### ABOUT ME

Enthusiastic and driven, I am looking for professional opportunities after completing AP degree in **Multimedia Design**, awaiting to start my top-up studies in **Web Development**. I'm passionate both about the **technical and creative** side of web development, as I still bring with me my previous experience as **Graphic Designer**.

My goal is to find an internship or a job that offers valuable experience in the field, where I can learn from talented professional and bring my contributions to the team and the projects.

### EDUCATION

KEA – Copenhagen School of Design and Technology

#### AP Degree - Multimedia Design

2022 - 2024

Università degli studi di Ferrara

#### BA Degree - Industrial Design

2016 - 2020

### WORK EXPERIENCE

#### Front end developer

Aug 2023 - Oct 2023

Frankly // Copenhagen, Denmark

Over a 10-week internship, I focused on translating visual designs into responsive solutions, initially for mobile and later extending to desktop and tablet versions. My work primarily involved using HTML, CSS, and Vanilla JavaScript. I collaborated closely with designers to address issues and wrote scripts to enhance product interactions.

#### Sales Stylist

Jan 2022 - Jan 2024

Levi Strauss // Copenhagen, Denmark

Student job as a part-time sales assistant at Levi's. Assisted customers, maintained store presentation, and handled various tasks.

#### Office Manager

2021 - 2022

Catania, Italy

Office manager in a law firm, mostly helping with IT related issues.

#### Graphic Designer

2017 - 2018

Area55 // Ferrara, Italy

Graphics for social media and development of advertising campaigns.

Among many other clients, I've specifically worked with business in the food area and international companies of the creative media industry.

### TECH STACK

HTML

CSS

JAVASCRIPT

REACT

TAILWIND

FIGMA

ADOBE PHOTOSHOP

ADOBE ILLUSTRATOR

ADOBE INDESIGN

ADOBE PREMIER

## MULTIMEDIA DESIGNER AND FRONT END DEVELOPER

---

My name is Sofia Amoroso, and I am a recent graduate of KEA in **Multimedia Design**, excited to bring my skills and enthusiasm to a professional setting.

With a background in **Product Design** from the University of Ferrara, I decided to focus on digital design. During the initial two semesters at KEA, I've discovered a genuine interest for coding which made me choose front-end as an elective in my curriculum.

Through a **10-week** academic internship in **front-end development**, I had the opportunity to apply my skills in a professional environment – working on **real projects** - but also to strengthen my commitment in web development.

Currently, I am awaiting to start my top-up in **Web Development at CPH Business**, starting in August.

During my recent studies I've gained a comprehensive understanding of **HTML**, **CSS**, and **JavaScript**. I have exposure to technologies like **React**, **Next.js**, and **Tailwind**. Thanks to my design background and my previous work experience as graphic designer, I also have skills in **design thinking**, **concept development** and **visual design**, while also being proficient using the Adobe Suite, especially **Photoshop**, **Illustrator** and **InDesign**.

Apart from my studies, I'm a **reflective and curious** person who thrives on learning and taking responsibility. As an active member of Copenhagen Roller Derby, I am both a **skater** for the A team and **basic coach** for newcomers, and I aspire to become an advanced coach. Additionally, I've contributed to various working groups, including one called Digital Infrastructure, and I've facilitated goal-setting workshops for my team, stepping out of my comfort zone.

Thank you for considering my background and aspirations. I'm eager to discuss how I can contribute to your team and project.

Kind regards,  
Sofia Amoroso
